Office Of Assessment

The goal of the SD Department of Education is that all high school students graduate college, career, and life ready. To this aim, the South Dakota assessment system is designed to provide districts, schools, and parents with the information they need to ensure that their students remain on track to reach this goal. South Dakota public school students participate in annual summative testing in English language arts and mathematics and the results of these tests are included in the state accountability system. In addition to annual tests in English language arts and mathematics, South Dakota requires assessment of science and writing annually and provides schools and teachers with resources to utilize other assessments to help identify strengths and areas for improvement.

Demonstration

Make sure **all** of your **students** are in **Infinite Campus** because then they will be in the TIDE system.

Create your **rosters** if you want an organized reporting system.

Print **test tickets** before the assessment and destroy afterwards. They are considered secure documents.

Before the Assessment

- Remember: **ALL** student demographic information is rolled into TIDE automatically when your Infinite Campus updates
- If information is wrong, then it needs to be corrected in Infinite Campus

Notes

- Updates to student profiles could take **24-72 hours** to install properly, staying on top of this information is important to keep assessment schedules on time
